Hello,

Please remove me from this mail list. I have previously informed your organization of some very important facts about my life that were completely ignored, 'Not See'd' and otherwise dismissed as being unimportant to your overall care and understanding.

In light of this lack of care for my personal circumstances, I am concluding that your organization does not care for its members or prospective members and I do not want to be a part of your team.

Thank you for your understanding and I hope that you find this message to be enlightening of why your team has continued to become less and less relevant in our modern world.

Have a wonderful day!

Chris Carlin

The following sent for [REDACTED]

Inviting all SASAR Chapter #4 members and prospective members to a short "New Member" training session. This will be a great time to learn more about SAR and the chapter as well as get your questions answered. I would encourage all new and prospective members to attend.

Short list of Topics:

1. Review how to earn Texas and National color guard medals
2. Discuss colonial attire
3. Review of national, state and chapter website information and state dada email registration
4. Answer all your questions on our Society

We invite everyone to jump in and be active in the many chapter activities from color guard to JROTC, youth and veteran programs, etc.

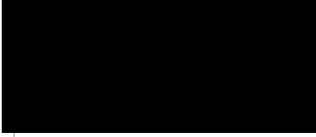

You took a lot of time and effort to join us. Come see what you can do next.

We are an incredibly active chapter in our community. It's fun, rewarding with great fellowship.

The meeting will be held at the San Antonio Genealogical & Historical Society (SAGHS) campus on Sunday afternoon, 7 December, at 1:00 pm. The campus is just off Blanco Rd. about $\frac{3}{4}$ mile north of the 410 at 911 Melissa Drive. You can see the small church-like building from Blanco although the actual address is on Melissa, a side street.

I invite you to get this on your calendar and attend. Dress is weekend casual. Suggest you leave the short shorts in the drawer 🙈

See, this is already fun!
